

REMARKS

I. Claim Amendments

Claim 1 correct a typographic error in the preamble and does not change the scope of the pending claim.

Claim 6 is cancelled.

Claim 7 is amended to correct several typographic errors and to clarify the antecedent basis for the first wavelength and second wavelengths of light and does not change the scope of the pending claim.

II. Obviousness-Type Double Patenting

Claims 1-7 of the instant case received an obviousness-type double patenting rejection over claims 1-7 of U.S. Patent No. 6,460,182, which matured from the parent application of the instant case. A timely filed terminal disclaimer is provided herewith to overcome the obviousness-type double patenting rejection of pending claims 1-5 and 7.

The Applicant respectfully submits that all pending claims are in condition for allowance and respectfully requests that the Examiner issue a Notice of Allowance in due course.

The Commissioner is hereby authorized to charge any additional fees and credit any overpayment associated with this response to Jones Day Deposit Account No. 501432, ref: 766726-610011.

Respectfully submitted,
